PRESS RELEASE

For Immediate Release

Expansion at GxP Systems Requires Move to Larger Facility

Cork, Ireland—January 19, 2012—GxP Systems, the leader in the provision of regulatory compliance consultancy and project management services, has relocated its corporate headquarters to a new, larger facility in Cork to accommodate the company's continuing expansion.

"With our rapid growth to more than double our workforce since last May, we needed a larger office to house and meet the needs of additional corporate employees and consultants we hired, and plan to continue hiring," says General Manager Linda Mellerick. "Not only is our new facility larger, it is more centrally located for both our customers and employees."

The company continues to expand its technical team and is continually recruiting new engineers and graduates for projects in Ireland and internationally.

GxP System's new office is located in a high-tech business facility located at The Atrium, Blackpool, Cork. Phone and fax numbers have been changed to +353 21 4215 050 and +353 21 4215 051, respectively.

About GxP Systems
